

Walnut Creek's Sustainability Goals

Pathway to Statewide Net Carbon Neutrality by 2045

WATER CONSERVATION

Reduce outdoor water usage throughout the City by 15% by 2030.
Reduce outdoor water usage throughout the City by 25% by 2045.

CLEANER CARS

Add 40 additional EV chargers on City property by 2030. Add 90 additional EV chargers on City property by 2045.

BIKEABLE CITY

Increase the miles of bike lanes in the City by 25% by 2030.

RENEWABLE ENERGY

Increase the number of households opting into MCE's 100% renewable Deep Green program to 11% by 2030.

WASTE REDUCTION

Keep 75% of recyclable and compostable materials out of landfills by 2030.

ALL-ELECTRIC NEW BUILDINGS

Require all-electric new construction, effective by 2026 for residential buildings and by 2029 for most commercial buildings.

UPGRADE EXISTING BUILDINGS

Require energy efficiency improvements to existing buildings as replacements and upgrades are made, with all-electric water heaters by 2026 and all-electric space heaters by 2029.

CLEANER OUTDOOR EQUIPMENT

Phase in community ban on gas-powered leaf blowers and equipment.
