Reasons why project is exempt:

The project is exempt, pursuant to CEQA Guidelines section 15061(b)(3), because it can be seen with certainty that there is no possibility that the project may have a significant impact on the environment. The adoption of the recommended Municipal Code amendments would only change the deciding body for various entitlements, and replace existing subjective standards for residential and mixed-use development projects with objective standards, which would not impact the physical allowances for development projects. These amendments would not approve any project or entitlements, and are regulatory actions taken by the City with no physical changes to the environment.
